§§ 200.23–200.24 [Reserved]

SCHOOLWIDE PROGRAMS

§ 200.25 Schoolwide programs in general.

(a) *Purpose.* (1) The purpose of a schoolwide program is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency related to the State’s academic standards under §200.1.

(2) The improved achievement is to result from improving the entire educational program of the school.

(b) *Eligibility.* (1) A school may operate a schoolwide program if—

(i) The school’s LEA determines that the school serves an eligible attendance area or is a participating school under section 1113 of the ESEA; and

(ii) For the initial year of the schoolwide program—

(A) The school serves a school attendance area in which not less than 40 percent of the children are from low-income families; or

(B) Not less than 40 percent of the children enrolled in the school are from low-income families.

(2) In determining the percentage of children from low-income families under paragraph (b)(1)(ii) of this section, the LEA may use a measure of poverty that is different from the measure or measures of poverty used by the LEA to identify and rank school attendance areas for eligibility and participation under subpart A of this part.

(c) *Participating students and services.* A school operating a schoolwide program is not required to—

(1) Identify particular children as eligible to participate; or

(2) As required under section 1120A(b) of the ESEA, provide services that supplement, and do not supplant, the services participating children would otherwise receive if they were not participating in a program under subpart A of this part.

(d) Supplemental funds. A school operating a schoolwide program must use funds available under subpart A of this part and under any other Federal program included under paragraph (e) of this section and § 200.29 only to supplement the total amount of funds that would, in the absence of the Federal funds, be made available from non-Federal sources for that school, including funds needed to provide services that are required by law for children with disabilities and children with limited English proficiency.

(e) *Consolidation of funds.* An eligible school may, consistent with § 200.29, consolidate and use funds or services under subpart A of this part, together with other Federal, State, and local funds that the school receives, to operate a schoolwide program in accordance with §§ 200.25 through 200.29.

(f) *Prekindergarten program.* A school operating a schoolwide program may use funds made available under subpart A of this part to establish or enhance prekindergarten programs for children below the age of 6, such as Even Start programs or Early Reading First programs.

(a) *Comprehensive needs assessment.* (1) A school operating a schoolwide program must conduct a comprehensive needs assessment of the entire school that—

(i) Is based on academic achievement information about all students in the school, including all groups under § 200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under § 200.1 to—

(B) Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and

(ii) Assesses the needs of the school relative to each of the components of the schoolwide program under § 200.28.

(2) The comprehensive needs assessment must be developed with the participation of individuals who will carry out the schoolwide program plan.

(3) The school must document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.

(b) *Comprehensive plan.* Using data from the comprehensive needs assessment under paragraph (a) of this section, a school that wishes to operate a schoolwide program must develop a comprehensive plan, in accordance with § 200.27, that describes how the school will improve academic achievement throughout the school, but particularly for those students furthest away from demonstrating proficiency, so that all students demonstrate at least proficiency on the State's academic standards.

(c) *Evaluation.* A school operating a schoolwide program must—

(1) Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;

(2) Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and

(3) Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.
